

AAA3 Vantage Premium (HMO-POS) 2012 Abridged Formulary

(List of Covered Drugs)

Current as of April 1, 2012

**PLEASE READ: THIS DOCUMENT
CONTAINS INFORMATION ABOUT THE
DRUGS WE COVER IN THIS PLAN**

Note to existing members:

This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take. This document includes Vantage Medicare Advantage's partial formulary as of January 1, 2012. For a complete updated formulary, please visit our web site at www.vhp-medicare.com or call (888) 823-1910, 8 a.m. – 8 p.m., seven days a week from October 15, 2011 through February 14, 2012. After February 14, 2012, Member Services may be reached from 8 a.m. – 8 p.m., Monday – Friday. TTY users should call (866) 524-5144.

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayment/coinsurance may change on January 1, 2013.

Vantage Health Plan is a health plan with a Medicare contract. This document may be available in an alternate format such as a digital document. Please call Member Services at the phone numbers above to request the alternate format.

Vantage Medicare Advantage Premium (HMO-POS) Plan

2012 Abridged Formulary

What is the Vantage Medicare Advantage Formulary?

A formulary is a list of covered drugs selected by Vantage Medicare Advantage in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Vantage Medicare Advantage will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Vantage Medicare Advantage network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

This document is a partial formulary and includes only some of the drugs covered by Vantage Medicare Advantage. For a complete listing of all prescription drugs covered by Vantage Medicare Advantage, please visit our website at www.vhp-medicare.com or call (888) 823-1910, 8 a.m. – 8 p.m., and seven days a week from October 15, 2011, through February 14, 2012. After February 14, 2012, Member Services may be reached from 8 a.m. – 8 p.m. Monday – Friday. TTY users should call (866) 524-5144.

Can the Formulary change?

Generally, if you are taking a drug on our 2012 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2012 coverage year, except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits, and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of the date printed on the cover. To get updated information about the drugs covered by Vantage Medicare Advantage, please visit our website at www.vhp-medicare.com or call (888) 823-1910, 8 a.m. – 8 p.m., and seven days a week from October 15, 2011, through February 14, 2012. After February 14, 2012, Member Services may be reached from 8 a.m. – 8 p.m. Monday – Friday. TTY users should call (866) 524-5144.

In the event of mid-year non-maintenance formulary changes that are approved by CMS, Vantage Medicare Advantage will update the printed and web-based versions of the formulary. The updated version of the

printed formulary will be available upon request, and the changes will be included in notices to members using the affected drug(s) no less than 60 days prior to the effective date of the change. The mid-year non-maintenance formulary changes will also be made to the CatalystRx searchable online formulary accessed via www.vhp-medicare.com/drugs/Drug_search.asp.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on page 6. Then look under the category name for your drug.

Alphabetical Listing If you are not sure what category to look under, you should look for your drug in the Index found at the back of this book. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Vantage Medicare Advantage covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Vantage Medicare Advantage requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Vantage Medicare Advantage before you fill your prescriptions. If you do not get approval, Vantage Medicare Advantage may not cover the drug.
- **Quantity Limits:** For certain drugs, Vantage Medicare Advantage limits the amount of the drug that Vantage Medicare Advantage will cover. For example, Vantage Medicare Advantage provides 30 or 90 tablets per prescription for Lipitor. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Vantage Medicare Advantage requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Vantage Medicare Advantage may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Vantage Medicare Advantage will then cover Drug B.

- **Generic Substitution:** When there is a generic version of a brand-name drug available, the Vantage Medicare Advantage network pharmacies will automatically give you the generic version.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our website at www.vhp-medicare.com.

You can ask Vantage Medicare Advantage to make an exception to these restrictions or limits. See the section, “How do I request an exception to the Vantage Medicare Advantage Formulary?” below for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this list of covered drugs, you should first contact Member Services and ask if your drug is covered. This document includes only a partial list of covered drugs, so Vantage Medicare Advantage may cover your drug. You can contact Member Services at (888) 823-1910, 8 a.m. – 8 p.m., and seven days a week from October 15, 2011, through February 14, 2012. After February 14, 2012, Member Services may be reached from 8 a.m. – 8 p.m. Monday – Friday. TTY users should call (866) 524-5144.

If you learn that Vantage Medicare Advantage does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Vantage Medicare Advantage. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Vantage Medicare Advantage.
- You can ask Vantage Medicare Advantage to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Vantage Medicare Advantage Formulary?

You can ask Vantage Medicare Advantage to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover your drug even if it is not on our formulary.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Vantage Medicare Advantage limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover more.
- You can ask us to provide a higher level of coverage for your drug. If your drug is contained in our non-preferred tier (Tier 3), you can ask us to cover it at the cost-sharing amount that applies to the drugs in the preferred tier (Tier 2) instead. This would lower the amount you must pay for your drug. Please note, if we grant your request to cover a drug that is not on our formulary, you may not ask us to provide a higher level of coverage for the drug. Also, you may not ask us to provide a higher level of coverage for drugs that are in the Specialty Drug tier (Tier 4).

Generally, Vantage Medicare Advantage will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower-tiered drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering or utilization restriction exception. **When you are requesting a formulary, tiering or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescribing physician's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get your prescriber's or physician's supporting statement.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 91-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

Current enrollees with a level of care change (e.g., from a hospital to a long-term care facility) must follow standard Prior Authorization procedures during the transition period. Vantage Medicare Advantage requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Vantage Medicare Advantage before you fill your prescriptions during the transition period.

For more information

For more detailed information about your Vantage Medicare Advantage prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about Vantage Medicare Advantage, please call Member Services at (888) 823-1910, 8 a.m. – 8 p.m., and seven days a week from October 15, 2011, through February 14, 2012. After February 14, 2012, Member Services may be reached from 8 a.m. – 8 p.m. Monday – Friday. TTY users should call (866) 524-5144. Or, visit www.vhp-medicare.com.

Page 4 of 81

Form ID: 12390v9

Effective: April 1, 2012

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit www.medicare.gov.

Vantage Medicare Advantage's Formulary

The abridged formulary that begins on the next page provides coverage information about some of the drugs covered by Vantage Medicare Advantage. If you have trouble finding your drug in the list, turn to the Index at the back of the book. Remember, this is only a partial list of drugs covered by Vantage Medicare Advantage. If your prescription is not in this partial formulary, please visit our website at www.vhp-medicare.com or call Member Services at (888) 823-1910, 8 a.m. – 8 p.m., and seven days a week from October 15, 2011, through February 14, 2012. After February 14, 2012, Member Services may be reached from 8 a.m. – 8 p.m. Monday – Friday. TTY users should call (866) 524-5144 for additional help.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the Requirements/Limits column tells you if Vantage Medicare Advantage has any special requirements for coverage of your drug. The formulary includes drugs which may have a Quantity Limit (QL) for that particular drug, or which may require Prior Authorization (PA) from Vantage Medicare Advantage before receiving them. B versus D determination drugs require the plan to make a determination as to whether a drug is covered under the Medicare Part B or Part D benefits.

Hormonal Agents, Stimulant/ Replacement/ Modifying (Adrenal)		
Glucocorticoids-Systemic		
A-HYDROCORT INJ	1	C
A-METHAPRED INJ	1	C
<i>cortisone Oral</i>	1	C
<i>dexamethasone Oral</i>	1	C
DEXAMETHASONE INTENSOL ORAL	1	C
<i>hydrocortisone Oral</i>	1	C
<i>methylprednisolone Oral</i>	1	C
<i>methylprednisolone acetate Inj</i>	1	C
<i>prednisolone sodium phosphate Oral Soln 15 mg/5 mL</i>	1	C

Drug	Tier	Requirements/Limits
<i>prednisone Oral</i>	1	C
PREDNISONE INTENSOL ORAL	2	
Glucocorticoids-Topical-High Potency		
<i>amcinonide Top</i>	1	C
<i>betamethasone valerate Top</i>	1	C
<i>desoximetasone Top</i>	1	C
<i>fluocinolone Ointment</i>	1	C
<i>fluocinolone Topical Cream</i>	1	C
<i>fluocinonide Top</i>	1	C
HALOG OINTMENT	3	
<i>triamcinolone acetonide Ointment 0.5 %</i>	1	C
<i>triamcinolone acetonide Topical Cream</i>	1	C
TRIDERM TOP	1	C
Glucocorticoids-Topical-Low Potency		
ALA-CORT LOTION	1	C
<i>alclometasone Top</i>	1	C
COLOCORT RECT	1	C
DESONATE TOP	3	
<i>desonide Top</i>	1	C
<i>hydrocortisone Rect</i>	1	C
<i>hydrocortisone Top</i>	1	C
LOKARA TOP	1	C
PROCTOCREAM-HC RECT	1	C
PROCTOSOL HC RECT	1	C
PROCTOZONE-HC RECT	1	C
SOLU-CORTEF (PF) SOLUTION FOR INJECTION 250 mg/2 mL	2	
U-CORT TOP	1	C
Glucocorticoids-Topical-Medium Potency		

Drug	Tier	Requirements/Limits
<i>betamethasone valerate Top</i>	1	C
<i>desoximetasone Top</i>	1	C
<i>fluocinolone Topical Cream</i>	1	C
<i>fluocinolone Topical Soln</i>	1	C
<i>fluticasone Top</i>	1	C
<i>hydrocortisone butyrate Top</i>	1	C
<i>hydrocortisone valerate Top</i>	1	C
<i>mometasone Top</i>	1	C
<i>prednicarbate Top</i>	1	C
<i>triamcinolone acetonide Lotion</i>	1	C
<i>triamcinolone acetonide Ointment 0.025 %, 0.1 %</i>	1	C
<i>triamcinolone acetonide Topical Cream</i>	1	C
Glucocorticoids-Topical-Very High Potency		
<i>betamethasone dipropionate Ointment</i>	1	C
<i>betamethasone dipropionate Topical Cream</i>	1	C
<i>betamethasone, augmented Lotion</i>	1	C
<i>clobetasol Ointment</i>	1	C
<i>clobetasol Topical Gel</i>	1	C
<i>clobetasol Topical Soln</i>	1	C
<i>clobetasol-emollient Top</i>	1	C
<i>diflorasone Top</i>	1	C
FLUOCINONIDE-E TOP	1	C
<i>halobetasol propionate Top</i>	1	C
Mineralocorticoids		
<i>fludrocortisone Oral</i>	1	C
